## Program and School Policies

### Program Attendance and Late Policy

*It is a player's responsibility to inform his coach prior to missing or arriving late to a scheduled practice or game. All absences and late notices must be cleared with the coaching staff prior to the event. Missing a scheduled practice or game will result in opportunity (extra workouts) and potential loss of playing time.*

### School Attendance and Game Participation Policy

*School policy states that all athletes are to be on time and attend all their classes in order to practice or play that same day. Players who come late to practice will not be eligible to start the next game. A player who is consistently late will be dismissed from the team.*

### Alcohol and Drug Policy

*In the CVU/CSSU policy on alcohol and drug use, is a protocol regarding being "in the presence of" these substances. That is to say, if your son or daughter is at a party where alcohol is provided in any fashion, they are liable to sanction by the school. The penalty for knowingly remaining in such an environment is a one game suspension. This includes even the best intentioned role as being a designated driver. So, as an athlete, please be aware of your surroundings at all times. If you have any notion that there is any illicit substance in the area, it's time to go. "When in doubt, get out." We need you at the next game more than you need to stay at the function for another hour or two.*

### Varsity & JV Vacation Week Expectation

*During the week of vacation, all teams will have games and practices. It is expected that all players will be available to play those games and attend all practices over vacation. The coaching staff do understand that educational trips do occur over vacation and excuse these athletes. The loss to the athletes who miss these games are twofold: (1) the opportunity to improve through practices and games, and (2) the contribution to the team's performance that the athlete would have made. Players who leave during vacation will lose playing time, due to the missed practices and games.*

### Players Sent Up and Sent Down

*JV players that the coaching staff feels could contribute to the goals of the Varsity team may be brought up during the regular season. It is our philosophy only to bring up players when they can be an impact and immediate need of the team. Players can also be sent down to help other teams during the regular season.*
