

CHAMPLAIN VALLEY REDHAWKS BASEBALL

Program Goals

UPDATED JANUARY 2020

Provide a top-notch baseball experience for every player in the program.

Make the experience valuable and memorable.

Tie in life values and skills, IE: set team and individual goals, develop an action plan, execute the plan (adjust when needed), attain the goals...

Promote "winning" set high standards and go after the league championship and Vermont Division I Championship every season.

Continue the "Reload Theory" every season. Develop players at the JV level, players with solid character that are willing to learn the game and play with passion. Don't give in to excuses or reasons to fail.

Set the standard for high school baseball and let other baseball programs strive to emulate.

Give to the community; represent your family, school and community well.

Take responsibility for outcomes, be a role model to younger and older, remain positive.

Have fun; enjoy the four-month experience with friends and family, have no regrets after the season is over.

Honor the "Game of Baseball," be sensitive to history, especially that of CVU Baseball.

Varsity players: Put on a show, entertain the fans with baseball flair and grace; keep baseball "America's Pastime."

Create lifelong friends for yourself, and lifetime memories for your family. We all are in this together, make it happen; don't just wish it to happen.
